

EUCYS info – May

It is less than 130 days remaining to the beginning of EUCYS 2011!

We are happy to inform you that application forms have been updated and registration may begin. Passwords for login are being sent for all official national organizers by e-mail. If you have not received an e-mail with that information, please contact the organizers info@eucys2011.fi.

Please notice that there can be only one person registered as national escort (the National organizer in person or other person nominated as a representative by the national organizer). Other representatives register as visitors and use visitors form (<http://eucys2011.fi/content/registrationapplication>).

Information about traveling schedules (of those specified in rules and regulations) will be available after processing the application information in June.

With best wishes EUCYS 2011 Helsinki Team
